

Core Return Instructions for U.S. Customers Only

REMANUFACTURED PARTS CORE RETURN*

- 1) Complete **ALL** fields of the KEA Core Return Form from KEA [website](#)
 - Core returned **must** match the new part purchased.
 - Properly seal the core in the original packaging (of new part), secured to avoid damage during shipping **and** include a copy of the sales receipt.
- 2) To create your shipping label click on the **Create Shipping Label** link below. (Shipments through this program ship to a depot and **NOT** to KUBOTA Engine America)
- 3) Affix the printed label to the box and ship using UPS
 - There is **NO** charge for this service. The package can be dropped off at a local UPS facility **or** contact UPS to schedule a pickup **or** hand over to your UPS driver for delivery.
- 4) Keep copies of all documentation for future reference. Refund will be issued in approximately 4 weeks.
- 5)
